Frankenmuth Medical Associates leading the way to better primary care.

Frankenmuth, MI. – Frankenmuth Medical Associates is proud to announce their partnership with Healthy Plus, a medical solutions provider specializing in servicing the Medicare Annual Wellness Visit (AWV) and Chronic Care Management (CCM). Frankenmuth Medical Associates provides exceptional family practice healthcare and has placed a laser focus on preventative care.

The goal by both parties is to focus on a higher quality of care for the Medicare population in Frankenmuth as well as better detection and management of chronic issues or disease states for all patients. The program offered by Healthy Plus allows medical providers to improve preventive care for their patients by determining eligibility, increasing engagement rates (from a national average of 16 percent to nearly 70 percent), making follow-up care recommendations, capturing data points for the provider, and creating a chronic care management plan for the patient. The AWV is a little-known benefit and **free service to Medicare patients** and CCM is covered by most insurance plans.

If you would like to schedule with Frankenmuth Medical Associates, please call 989-502-1122 or visit their website at www.frankenmuthmedical.com
